This year, the group will offer 70 Bulls from our 14 vendors that have a good selection of genetics for all herds.

As we go to print, this year has seen most areas of QLD receive decent summer rain, thankfully very different to what was predicted. We hope the season continues.

BEEFWOOD - Stud 2176

Beefwood is operated by Brett and Ashlee White, along with their four sons: Thomas, Henry, Edward, and Alistair.

In 2007, Brett and his father, registered the Satellite Santa Gertrudis (2085) prefix after purchasing foundation females from Fishington and Wave Hill studs. The sale of the family property in 2021, resulted in the cessation of the Satellite stud prefix. This led to Brett taking over the management of the female herd. The herd was relocated from Warwick to Wallumbilla and transferred to the newly established Beefwood Santa Gertrudis prefix.

We have a strong commercial focus, aiming to produce easy doing structurally correct cattle, with an emphasis on productivity, fertility, and longevity. Over the years sires from Fishington, Glenn Oaks, Rosgar, Dundee and more recently Munnabah and Diamond H studs, have been added to achieve these goals. Further females have been added from Kilcock, Bullamakinka, Pinnaroo and Glenn Oaks studs. The Beefwood herd is run alongside The Bank Shorthorn stud, in conjunction with a commercial Santa Gertrudis Shorthorn cross enterprise. Brett and Ashlee also operate the WLS Fitting service.

CARNTYNE - Stud 1556

Carntyne Santas is a family operated business owned by Ben & Carly Evans and their children Grace, Oliver & Isla. Their rural enterprise, Tullamore Park Pastoral Co runs around 1500 breeders over 5 properties expanding over the Roma, Surat & Injune districts. The Stud maintains approx. 150 stud females each year for the purpose of breeding bulls for private paddock sales, the Heartland Sale in Roma, as well as for the use in their own stud and their commercial Santa Gerturdis and Brahman herds.

The primary focus is on the overall herd fertility and quality, and by selecting genetics which will continually improve and compliment the current attributes of the existing herd. A lot of emphasis has been placed on using genetics that will produce highly fertile, sound, thick, easy-doing progeny that will fatten easily, have good constitutions and placid temperaments.

Of recent years the Stud's focus has been on selecting suitable and specific Carntyne females for the annual AI programs.

Current AI & stud sires include a number of Carntyne 'S' bulls; Watasanta Landrover (P); Dangarfield Abdul (P); Rosevale King; Waco Chancellor (P); Dangarfield Second-To-None; Waco Odessey (P); Diamond H Quilpie; Dangarfield Zelot (P); Triple S Q20; Triple S Q10; Warena Quicksilver (P); Dangarfield Tornado & Moongana Nudge (P).

Carntyne heifers are joined as yearlings to homebred Santa bulls. They are expected to calve unassisted and reconceive each year. Any female that does not return a PTIC result annually, or is a poor milk producer, is culled from the herd. Additionally all bulls are semen tested annually, and any sire whose progeny returns poor conception rates and other bad genetic traits, are also culled. A pelvic measurement of all replacement heifers and bulls is an important annual practice that has all but eliminated maiden calving problems in the herd as only those with adequate measurements are retained for breeding.

STUD NOTES

Carntyne cattle are handled by men/women/children with horses, motorbikes, on foot and with dogs (border collies and sausage dogs!)

All Carntyne bulls are bred and prepared for a long working life. They are not pampered or overfed to be the biggest, heaviest bulls at sale age, but the focus is more on good conformation, growth, soundness, fertility, and overall constitutions. Carntyne's aim is to have the best genetics behind them to breed bulls to boost and compliment your breeding program to get the best 'bang for your buck'.

Carntyne Stud will not have any bulls on offer at the Heartland sale this year due to lack of available bull numbers. However, we welcome all enquires and interest in our cattle, and appreciate all feedback, positive / negative, from clients on their previous bull purchases.

We look forward to caching up with you all at the Heartland Sale 2024.

CG SANTAS - Stud 2155

CG Santos is operated by Steven, Sharon & Cooper Goodhew and was established in 2019, based at "Laurbrook" Roma.

Our Stud is based on females purchased from Santa Park, Moongana, Allendale & Pinaroo as well as our own S & S Bar females. We have placed a large emphasis on fertility and temperament in our herd.

2024 saw CG Santos around the show rings for the first time with CG Unity taking out Reserve Junior Champion Female at Clifton Show and then placing 2nd in a very strong class at Beef 2024. Thank you WLS Fitting Service for Showing our cattle.

This year we offer 2 Classified S Bulls which have been vaccinated for 7 in 1, 3 day and Vibrio as well as semen and morphology tested. We look forward to a successful Heartland Bull Sale for 2024. Steven, Sharon & Cooper

CHILGERRIE HILL - Stud 991

Santa Gertrudis were introduced in the 1960's when Adam's grandparents purchased bulls from Rosevale and Yarrowonga. Stud cows were purchased in 1974 from dispersal sales and Kabunga West. Chilgerrie Hill Santa Stud was formed in 1975 by Adam's parents. The family have now been breeding Santa Gertrudis for over 60 years and the Stud has been going for 49 years this year. In 1998 Adam and Karen took over the stud and run it in conjunction with a commercial herd.

Our children and grandchildren are all involved in the property and the stud. We have started showing cattle again as the grandkids are all keen to have a go (They even have a bull in the sale this year). Since purchasing the property here we have been lucky enough to have some excellent seasons and the cattle are looking wonderful. High pregnancy rates and excellent temperaments and fat weaners. Our steers are sold to the same family every year and they always comment on the quietness of our weaners and come back every year, so we must be doing something right.

Last year we purchased 3 bulls to go into our herd for some new blood. We can't wait to see what these bulls produce. Dangarfield Firecracker (Yarrowonga Megabyte), Cooina Tough Judge, (Moongana Kansas), Doorabeeba Sitka, (Hardigreen Park Victory). This year's Sale Bulls are by Chilgerrie Hill 99J (Diamond H Questman), Spring Creek Cassidy, (Bullamakinka Gladiator), Bunda N22 (Cardona Organic), Glenalbyn Pegasus, (Burrumurra 188). We are very happy with this year's sale draft. We look forward to presenting them to you at the Heartland Sale. Check out our Facebook page for photos of our cattle.

DARR CREEK - Stud J331

Darr Creek began when our parents Glen & Kathleen purchased us a stud female each at the Raytek dispersal sale in 2013. We already had classified Santa bulls on hand which were being used in our crossbreeding program and later purchased females from Oakdale, Rosevale and Pinaroo studs. Mitch was also extremely fortunate to have won two lovely heifers at junior camps donated from Rosevale and Glen Oaks studs. We are continuing to focus on building up a strong herd of quality, fertile, easy doing classified females.

Darr Creek Santas are located north of Jandowae in a mixture of forest and brigalow country. This year's draft of sale bulls have been prepared only on oats, vet checked, semen and morphology tested, vaccinated for 3 day, 3 germ, 7 in 1 and Vibrio.

Mitch, Abbey & Bella Franz

DUNROBIN - Stud 1489

Dunrobin Stud was started by Roy and Dorothy Harrison with cows upgraded from a commercial herd. In 2017 Dunrobin stud was purchased by Brendan, Paula, Rowan and Lucy Harrison and has been relocated to Bungaringa Mitchell, running in conjunction with our commercial herd.

GLENVIEW - Stud 558

In 1972, Glenview Stud was registered by Graeme and Margaret Ferguson of Nobby. The stud commenced with the purchase of a sire from Old Hidden Vale and females from Talooona, Myola and Laidlaw studs.

Since the stud commenced, our females have largely maintained a strong King Ranch, Yarrawonga and Waco bloodline, with many sires being purchased from those studs.

Glenview runs approximately 50 breeders, with the stud now run by our son Scott, and his wife Wendy. My breeders run alongside the Glenn Oaks and Wave Hill females, using sires from Diamond H, Goolagong, Yarrawonga and Waco, including Renegade, Red Foo, Leopard, Attorney, H1304, L596, Eland. All of these are sires of this year's sale bulls.

Glenview has consistently sold bulls for above average prices for use in commercial herds as well as selling successful show bulls to studs including Barbados, Granville, Frampton. These bulls have bred well for their purchasers.

This year's sale draft have been vaccinated for 7 in 1, vibrio, 3 Day and blooded for 3 germ blood.

JAZMAREE – Stud 2164

Jazmaree Santas was Registered in 2020 by Peter & Sharon Seawright. We have for many years been passionate Santa Gertrudis breeders and have over the last few years been developing our Santa Gertrudis Stud herd. We are based at "Comet Downs" Injune. To give you some idea of our passion for the breed, we purchased our first commercial heifers from Sharon's parents Rod & Nancy Cloherty "Reben Downs" Injune.

STUD NOTES

They have been breeding Santas for over 50 years, Their Sires over the past years have been purchased from Swan Hill, Yarrowonga, Waratah, Diamond H, Moongana, Bullamakinka, Talgai, Glenview and more.

We have invested heavily in the breed with the purchase of stud females and classified stud sires from a large range of genetics and have also upgraded selected purebred females to S Bar into our stud.

Sale Bulls will be vet checked by Roma Vet Clinic, Morphology tested, scanned, vaccinated for 7in1, Vibrio, 3 Day and Blooded for 3 germ blood.

Peter & Sharon

MURGO – Stud 1468

Murgo Santa Gertrudis Stud began in the mid-1980s in northern N.S.W. We bred over from Herefords to avoid recurring problems with calving and pink-eye. At the same time, we admired the natural “doing” ability of these beautiful big, cherry-red cattle and how well they adapted to their environment.

We moved to Queensland in 1993, finally settling at “Maroona”, Mungallala in 2003. From here, we have successfully continued to develop our stud by buying sires from such studs as Dangarfield, Pinaroo and Rosevale and using our own Murgo 630, Murgo 703 and Murgo 218.

This year we are offering two stud bulls, both by Dangerfield Carbine [P] (Sire –Greenup Leicester L76 from Dangarfield Quarterback [P]) and one commercial bull by Pinaroo 1554 [P] (Sire – Mccaire Shannon [P] from Kamawa Nevada [P].

At last year’s sale, sons of Carbine sold for \$10,000 to Kabunga West Santa Gertrudis Stud and to Mr Keith Burey, St George for \$6,000.

This year’s bulls display the typical Santa Gertrudis traits we continue to breed for – dark coat, good bone, width, muscle, growth, depth and weight for age.

OAKDALE – Stud 1159

The Oakdale Stud was founded at Boonah in 1980. It was relocated to Chinchilla in 1993.

Present sires in use are Oakdale Longbow whose sons have sold to \$42000 and averaged \$15000. Longbow is our leading sire. He had a very successful short show career.

Dangarfield Anzac was purchased for the top price of his year. He has bred very much like himself and his sons have sold to \$13000. He is producing quality females who

are proving to be very fertile. A very quiet bull unfortunately we found Anzac dead in his paddock. Bullamakinka P186 was purchased in partnership with the Valley View Stud. He is not a real big bull, but his progeny are very thick & they are very eye appealing.

OAKDALE PRINCE

PINAROO – Stud 1150

The Pinaroo Stud No. 1150 was started by Peter and Robin Cupitt in 1982. Together they enjoyed over 40 years of successful breeding, showing and selling of stud cattle. Sadly, the passing of Peter in early 2022 resulted in the winding up of their partnership and an End of Era female sale in March 2023.

However, a decision was made to retain the stud name and the purebred commercial female herd and some proven stud sires, which will be used to grade up the herd under the ownership and management of Cameron and Deborah Boot, who have worked with Peter and Robin for over 25 years.

ROCKY VIEW – Stud 2169

Rocky View is a small stud located in the Pilton district on the Darling Downs, established around seven years ago by Ben and Michelle Eastwell. Also, we have a small commercial herd of Santa cross breeders and run an off-farm business – Eastwell Construction.

The stud's bloodlines range from various genetics, Oakdale, Pinaroo, Dangerfield, Talgai, Tyndale and Dunlop to name a few, we are slowly building our stud herd up.

SPRING CREEK – Stud 1833

The Spring Creek Stud is operated by Andrew and Angela Doering and family. Currently, the breeding herd is run on properties in Qld, at St George and in the South Burnett, with numbers exceeding 400 classified females and still growing. We have recently completed DNA and gene testing across our entire herd, to guarantee the pedigrees of our cattle and aid decision making within our breeding program. The following Sires are represented in our 2024 Heartland Sale offering;

Canowindra Tennessee T148 (PP). We considered Tennessee (Pictured above) to be one of the leading sires available for sale in 2021. We purchased him for \$105,000, the top price and sale record price for the Canowindra sale. He is a PP bull that exhibits an exceptional rump, smooth tailbone, a broad and long tail, and stands on strong bone with a very correct structure. His impressive spring of rib, strong muscling and depth of flank is complimented by a soft dark coat, with an impeccable temperament. Tennessee is producing a very consistent quality draft of offspring, both bulls and females. This draft at the 2024 Heartland sale, are the first sons to be offered for sale.

Warrillee N19 (P) was purchased for the top price at the 2020 Brisbane Valley Santa sale. He was selected for his strong muscling and correctness of structure and is producing offspring carrying these traits and exhibiting excellent breed character. Warrillee N19 (P) was the sire of our 2023 Heartland top price bull, Spring Creek Theodore T606 (P).

Spring Creek Neptune N414 (PS), is an exceptional son of Bullamakinka Gladiator G52, and grandson of the renowned Canowindra Gold Edition. He was retained for his length and volume, breed character and temperament, but also to maintain this bloodline in our herd as it has consistently produced quality progeny for us.

STUD NOTES

Our success in the steer competition at this year's Sydney Royal Easter Show, with 5 out of our team of eight led steers being awarded carcase medals, (Spring Creek Uber Eats winning first place in a class of 27), confirms that we are on the right track with our breeding program, with the quality of our herd producing a high standard of commercial product. Our selection criteria for breeding are strongly focused on commercial traits. We believe that fertility, growth, muscling, constitution, conformation and particularly temperament, are all vital when selecting stud stock. We also use a balance of poll and horned sires, in order to maintain breed type and the sought after qualities Santa Gertrudis are renowned for.

WHITALBY – Stud 1242

Operated by Cameron & Rosie Drynan and family, the Whitalby Santa Gertrudis stud is situated at "Bogong" south west of St George. Our breeding aim is to produce structurally correct and commercially productive cattle, with a strong focus on temperament and fertility. The stud herd is run predominantly on buffel and mulga country, where they are bred to survive and maintain production throughout dry spells. Young bulls are grown out in the paddock with only a light lick supplement, prior to sale prep. Some of our current sires include Whitalby Earnest (P), Bullamakinka N518 (PP), Warendra P30 (P) and Hayleigh 1181 (P) and exciting new future sire Hardigreen Park Zeb (P). We endeavour to stay up to date with market demands, whilst maintaining a true Santa Gertrudis type.

1. The highest bidder shall, subject to Condition 2, be the purchaser provided that the vendor reserves the right to bid either by himself or through his agent or auctioneer and should any dispute arise among the bidders for any lot, during or immediately after sale of the lot, it shall be settled at the auctioneers absolute discretion who may, should one of the disputes advance, put the lot or lots up again. The bidding from time to time shall be regulated by the auctioneer and no bid shall be retracted.
2. The sale will be conducted on a "Sale" or "No Sale" basis whereby the lot for sale shall be knocked down to the highest bidder, but the sale will be subject to the acceptance of the highest bid by the vendor who will immediately after the fall of the hammer declare "Sale" or "No Sale". Should the vendor reject the bid of the highest bidder such bidder will have the right of first refusal of the lot at the vendor's nominated price for one hour after the lot has been passed out of the ring on the Terms and Conditions herein set forth in so far as they shall apply.
3. The details of the purchaser, the purchase price and the lot sold as recorded by the sale clerk for and on behalf of the auctioneer shall be equally binding on both purchaser and vendor.
4. The auctioneer expressly reserves the right, without giving any reason therefor, to:-
 - (a) Refuse to acknowledge any bid;
 - (b) Withdraw any lot or lots before or during the sale;
 - (c) Exclude any person from the auction venue should it think fit.
5. Each lot in all cases shall be at risk and expense of the purchaser, upon acceptance of his bid by the vendor or upon acceptance of the highest bidder's offer by the vendor whichever shall be the earlier.
6. Except as expressly provided in these Terms and Conditions of Sale no guarantee or warranty shall be given in respect of any lot sold under these Conditions as to pedigree, sex, age, breeding condition or otherwise howsoever, and no guarantee, warranty or condition whatsoever shall be implied from any affirmation made before or at the time of the sale, or from any circumstances of the sale, but in all cases where a guarantee is intended the same shall attach and be enforceable only if reduced to writing before delivery of the lot and signed by the vendor or by the auctioneer acting as agent for the vendor, and the absence of such writing shall be conclusive evidence in case of dispute that no guarantee, warranty or condition whatsoever was given or implied.
7. In the event of any dispute in respect to the sale of any lot:-
 - (i) The purchaser shall nevertheless be obligated to pay to the auctioneer the full purchase price and any other moneys or interest payable by the purchaser in accordance with these Terms and Conditions.
 - (ii) The vendor and the purchaser shall resolve the dispute between themselves;

In the case of any dispute the remedy of the purchaser shall be against the vendor only and in no case or under any circumstances against the auctioneer who is to be regarded for all intents and purposes as agent for a disclosed principal.
9. (a) PAYMENT - Unless prior credit arrangements have been made in writing with the auctioneer the full purchase price for each lot shall be due and payable to the auctioneer in cash upon acceptance of the highest bid or the highest bidder's offer by the vendor and prior to delivery.  14. The auctioneer may, should it think fit, make arrangements on a purchaser's behalf for the feeding, watering, trucking, shipping of and general attendance to any lot after sale but no responsibility will be accepted by the auctioneer and all such service will be at the purchaser's risk and expense.
 15. No lot will be delivered until the sales invoice has been checked and signed by the purchaser or his duly authorised representative.
