Lot 20 — BINARA TIMEPIECE T100 (PP)

**Looking for Polled Genetics? 23/24 of the Bulls are Homozygous Polled (PP)**

Welcome to Binara

*Welcome* to our 4th on-line (on-property) *Bull Sale*.

Thank you for taking the time to view our 2024 catalogue. This year we proudly offer 24 bulls for your consideration and we would welcome your inspection of our sale bulls.

With profitability first & foremost, being the name of the game, we strive to boost the profit margin by breeding fertile, easy doing, structurally sound, functional, commercially relevant cattle & that adapt to suit a variety of markets.

This draft of bulls has run as one contemporary group since weaning early 2023, & have grazed Buffel grass & Forage Sorghum, prior to going onto Oats in mid July. They are all natural calves, born unassisted & reared on their Dam, under the same paddock conditions as their commercial counterparts.

We pride ourselves in offering non-pampered bulls—no feet trimming and no grain—these bulls have been raised solely on pasture & forage crops.

We look forward to catching up with prior clients and meeting new potential buyers. Please call to organise your inspection of this years draft. If you're unable to make it for an in person inspection videos and photos will be on Auctions Plus at the end of August and we welcome a phone call to discuss any of the bulls. Look forward to talking to you,

*Kind Regards*

*Ivan & Amanda Burcher*

## ***Celebrating a long term clients Success!***

Congratulations Winvic Pastoral on a successful sale at 2023 National Braford Sale, selling 'B' classified Bulls by Binara Poll Herefords to a top of \$14,000.

The Marks Family (Winvic Pastoral) have been long time clients of Binara Poll Herefords.

These are the first 'B' classified bulls to sell in Australia at the National Sale.

B classification is an initiative of the Australian Braford Society that allows registered Braford animals to be crossed back to registered parent breed (Brahman or Hereford) and the resulting progeny can then be classified as a B animal. The progeny of a B animal and registered Braford animal is eligible for full registration.

Pictured above are the 22 month old Bulls - 2 Bulls on the left are sired by **Binara Legacy** and right side bull is sired by **Binara Pin Point**.

Pictured above B classified Braford Bull by **Binara Legacy**

Thomas is a heifers 1st calf & would be very suitable as a Heifer joining sire. His body dimension & great butt shape suggests there is more weight in his phenotype, than his EBV's suggests. G34 was a tremendously fertile quality female, producing 15 calves - 5 sets of twins. Q028 has an excellent udder. 100/100 PP

There is a lot to admire in this Bull. He comes with docility, doability, long bodied, square topped, well pigmented, with a very tidy sheath. Top 5%+ 200,400,600, Ss CWT, positive Fats. Top 30%+ for all Indexes. P033 is a real favourite - a moderate, extremely easy doing reliable female, with a near perfect udder, who is breeding well. 100/100 PP

The youngest Bull in the draft. He comes well pigmented, attractive & moderate. He offers some very useful growth data - Top 25%+ 200, CWT. Top 10%+ 400, 600 & Ss. Positive for all Indexes. K100 - a lovely docile female with a good skin & udder. His Gr Dam H03 is still active in our commercial herd. 100/100 PP
